

# CHAMBERLAIN®

Convenience with Confidence

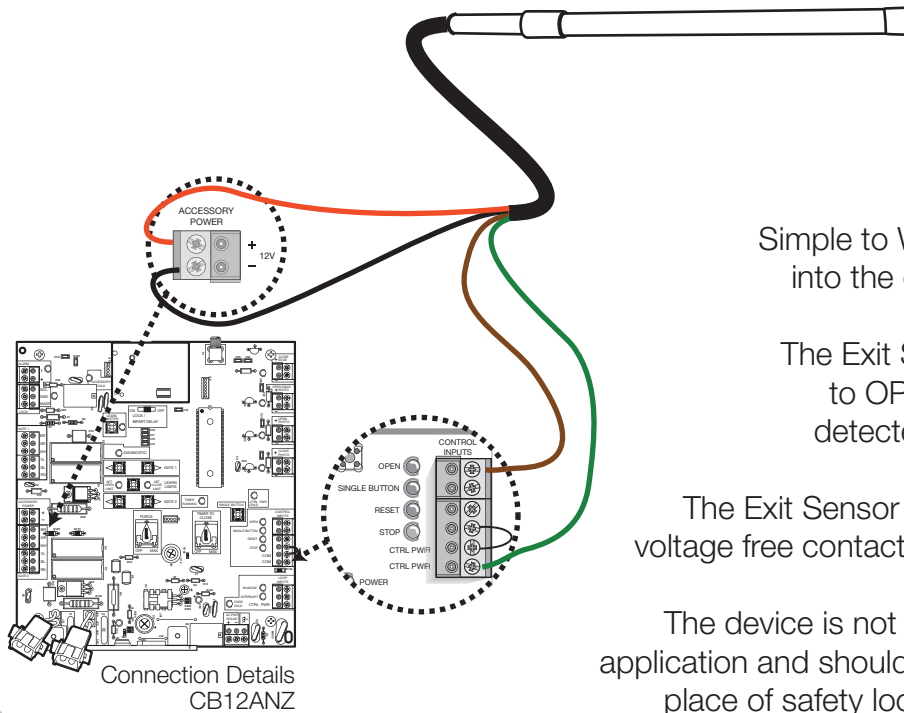

## 921GA VEHICLE EXIT SENSOR

- No need to dig up the driveway
- Allows handsfree automated vehicle exit
- Detect moving cars within 5m radius
- May be buried in the garden or fastened to a timber or metallic post

- Suits all Merlin Professional gate controllers
- Includes 15m of cable
- No programming required
- Simple 4 wire connection

# CONNECTION DETAILS

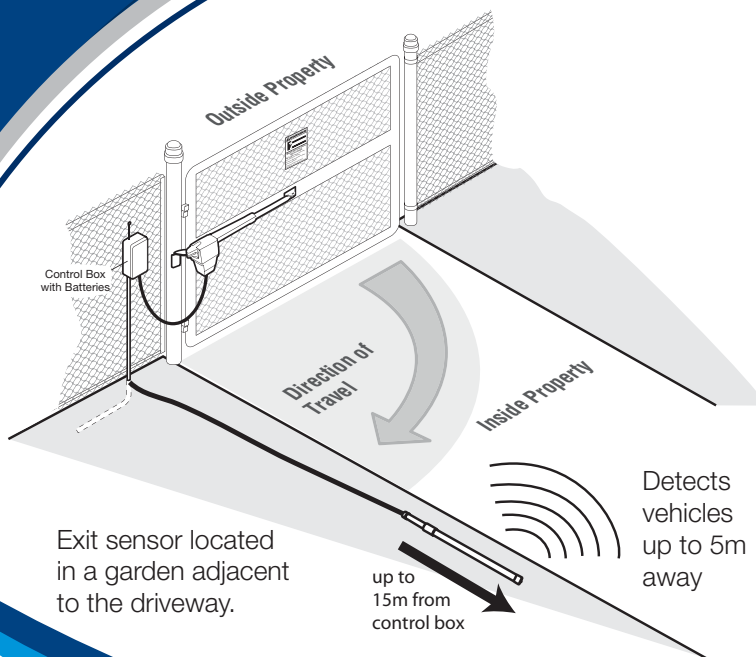

Simple to Wire. Terminate the 4 wires into the control board as illustrated.

The Exit Sensor will trigger the gate to OPEN only when a vehicle is detected moving within its field.

The Exit Sensor provides a momentary voltage free contact to the control board.

The device is not suitable for safety application and should not be used in place of safety loop detectors.
